

PARKING INFORMATION

Parking Decals: Attached you will find two parking decals (window clings) that are for your use. They need to be affixed in your front windshield, passenger side on the bottom. In looking at your car from the front it would be on the bottom left in front of the passenger.

These decals allow you to park in the St. John's parking lot at any time. If you need more than the two decals please let us know. Please use these decals as if you park in the lot without one you may receive a warning or be towed.

Reserved Parking: We have one parking spot that is reserved during preschool hours and events for the Rex Family. They "purchased" this reserved spot at our annual Carnival and Silent Auction. Please respect this sign.

Other Reserved Parking: There are about 10 parking spots at the south end (by the playground) that say reserved Monday - Friday. You may not park in these spots during the day when you are dropping off or picking up. The church rents office space to KITH and these are their parking spots. If you need to know which ones these are please just ask.

Entering and Exiting: Please be aware of the Enter and Exit signs painted on the parking lot driveways. The top driveway is an Exit only and the bottom driveways have an enter and an exit.

SLOW: Please drive slowly through the parking lot. Parents are very good about keeping their children close, but we all know that I child can dash out at any time.

Please let me know if you have any questions. Joan Sullivan 425.822.5079
